Sample patient questionnaire

Frequency and distribution of ratings for the Friends and Family Test question

How likely are you to recommend our GP practice to friends and family if they needed similar care or treatment?

Table 1

Criteria category for scoring	Response scale	Number of responses	Percentage of responses*
Promoters	Extremely likely	17	35%
Passive	Likely	15	31%
Detractors	Neither likely nor unlikely	9	19%
	Unlikely	3	6%
	Extremely unlikely	2	4%
	Don't know	2	4%
Total responses to this question		48	99%

* May not add up to 100% due to rounding

Number of patients who left Q1 blank (but provided other feedback on the questionnaire)	2
Total number of patients providing feedback	50

Graph 1

67% of patients who responded to the survey would be either extremely likely or likely to recommend your practice to friends and family if they needed similar care or treatment.

The sum of the 'Extremely likely' and 'Likely' percentage of responses in Table 1 may not equal the percentage in the grey box above due to rounding.

Of those 48 patients who answered the Friends and Family Test question, 47 (98%), filled out a paper questionnaire and 1 (2%), completed a questionnaire online.

Additional information on the Friends and Family Test

The Friends and Family Test (FFT) is a feedback tool that supports the fundamental principle that people who use NHS services should have the opportunity to provide feedback on their experience that can be used to improve services. It is not a traditional survey. It is a continuous feedback loop between patients and practices.

Practices can use the feedback gathered through the FFT to celebrate successes and to support staff to make improvements where the experience of service does not live up to expectations. FFT results are also one useful source of information which can help to inform choice for patients and the public.

More information and guidance about the use of the FFT in the NHS can be found at <http://offlinehbpl.hbpl.co.uk/NewsAttachments/PGH/FFT.pdf> and <http://www.england.nhs.uk/wp-content/uploads/2014/07/fft-imp-guid-14.pdf>.
