Frequency and distribution of ratings for the Friends and Family Test question

How likely are you to recommend our GP practice to friends and family if they needed similar care or treatment?

Table 1

| Criteria category for scoring | Response scale | Number of responses | Percentage of responses* |
|----------------------------------|-----------------------------|---------------------|--------------------------|
| Promoters | Extremely likely | 31 | 66% |
| Passive | Likely | 13 | 28% |
| Detractors | Neither likely nor unlikely | 3 | 6% |
| | Unlikely | 0 | 0% |
| | Extremely unlikely | 0 | 0% |
| | Don't know | 0 | 0% |
| Total responses to this question | | 47 | 100% |

* May not add up to 100% due to rounding

| | |
|---|----|
| Number of patients who left Q1 blank (but provided other feedback on the questionnaire) | 3 |
| Total number of patients providing feedback | 50 |

Graph 1

94% of patients who responded to the survey would be either extremely likely or likely to recommend your practice to friends and family if they needed similar care or treatment.

The sum of the 'Extremely likely' and 'Likely' percentage of responses in Table 1 may not equal the percentage in the grey box above due to rounding.

Of those 47 patients who answered the Friends and Family Test question, 46 (98%), filled out a paper questionnaire and 1 (2%), completed a questionnaire online.

Patient comments

The following comments are from patients who indicated that they were happy for these to be made public.

All comments are included in their entirety but all attempts have been made to remove details which could identify specific patients or practitioners.

Please tell us why you answered as you did in question 1:

- Very good practice with good doctors.
- It depends on what you require. I miss being able to pre-book appointments with the GP and having to phone at 8am. That being said, other things such as seeing the nurse has been really useful.
- As recommend my boyfriend as his doctors was elsewhere.
- Always been seen by the doctor and happy with the care received.
- Very friendly, great service.
- Because the receptionist are very helpful and the appointments are always available and the staff are very informative.
- Great GP and doctors but frequently whenever I've had appointments GPs are always late (previously I've had to wait over an hour even though my appointment was pre-booked).
- No waiting, good service.
- Good service.
- Good doctors.
- We are new to the area and have found the doctors surgery very good, the receptionists are very helpful with information and the doctors are very good.
- Always been seen by the doctor and was very quite happy with the service.

Please tell us why you answered as you did in question 1:

- Because the doctor and nurse are very nice.
- Always had good service with all the staff.
- Very good service and friendly.
- Everyone is helpful, can always get an appointment.
- Everyone has been very helpful and polite.
- Very happy with the surgery and all the staff.
- Surgery always there if I need it.
- Because I like, and speak very slowly with me and sweet.
- Friendly receptionists always willing to help.
- Don't think about at all.
- Because all doctors from here they are lovely and nice.
- Because every time I visit the clinic I get very good service.
- The staff and doctors are doing a fantastic job under enormous pressure.
- Good doctors could do more for certain patients.
- Best care in Mansfield. Receptionists excellent.
- I have received an excellent service for many years.
- Very rarely are there occasions where problems are not solved. Staff and doctors are lovely.
- Receptionist always pleasant and helpful. One doctor is very thorough in his assessment and explanations, although presents information formally rather than more friendly and person-centred. He is however, I feel, a good and trusted doctor.
- Good care.
- Very good service.
- Good care.
- Everyone is very nice.
- Always good service. Polite staff and find the doctors take time to listen.
- Doctors and staff very good with every person that visits this place. For whatever, always there to help.
- Grandchildren registered here.
- Good doctors and great staff.
- They look after very well.

Additional information on the Friends and Family Test

The Friends and Family Test (FFT) is a feedback tool that supports the fundamental principle that people who use NHS services should have the opportunity to provide feedback on their experience that can be used to improve services. It is not a traditional survey. It is a continuous feedback loop between patients and practices.

Practices can use the feedback gathered through the FFT to celebrate successes and to support staff to make improvements where the experience of service does not live up to expectations. FFT results are also one useful source of information which can help to inform choice for patients and the public.

More information and guidance about the use of the FFT in the NHS can be found at <http://offlinehbpl.hbpl.co.uk/NewsAttachments/PGH/FFT.pdf> and <http://www.england.nhs.uk/wp-content/uploads/2014/07/fft-imp-guid-14.pdf>.
