

NCA CARER AWARENESS WEBINAR FOR COMMUNITY ORGANISATIONS

Are you a professional or a volunteer working within a community service or organisation?
Join one of our free training sessions on carer awareness.

Anyone could be a Carer:

A Carer is anyone who cares, unpaid, for a friend or family member who due to illness, disability, a mental health problem or an addiction cannot cope without their support. If they are looking after someone who couldn't cope without their help, then they are a Carer.

We can provide Community Organisation staff, volunteers & teams with Carer Awareness training & connecting Carer resources. All of which are completely free to yourself and your team.
