Friends and Family Test Results October 2019

92%

of patients who responded to the survey would be either **extremely likely** or **likely** to recommend your practice to friends and family if they needed similar care or treatment.

***Thank you for participating in this survey.
The results will help us to provide the best possible service to you.***

Please note: Pie graph percentages may not add up to 100% due to rounding. The sum of the 'Extremely likely' and 'Likely' percentages in the pie graph may not equal the value displayed due to rounding.
